Work History

Web Developer

Ion Capita

- The only experience I have is to develop projects on my own and the front end project at school, but I have great willpower and quickness in learning new things and I'm not afraid of new challenges. Below are some of my projects on Github.
- **Implementing some knowledge of Vanilla JavaScript, HTML and CSS.** Link: <https://github.com/ioncapita/20-mini-projects>
- **Netflix web-app with React Redux** Link: <https://github.com/ioncapita/netflix-clone>
- **Home-cinema web-app with NextJS.** Link: <https://github.com/ioncapita/home-cinema-web-app>
- **Meetups with NextJS.** Link: <https://github.com/ioncapita/nextJS-meetups>
- **Bills-management with React.** Link: <https://github.com/ioncapita/bills->

management-web-app

- **Tic-Tac-Toe with Angular.** Link: <https://github.com/ioncapita/angular-tic-tac-toe>
